

Flexible Reading lamp

Very decorative and practical lighting
Switches on by turning the head

New Product 2015
Assembled in France 

DESIGN

An elegant reading lamp

KOS LIGHTING LED flexible reading lamp is much appreciated with its elegant lines, universal and timeless design. With the leather-look flexible, this reading lamp is adjustable in all directions, so that the users can adjust the luminous flux as they wish, without any difficulty. The 8*8cm board with black or chrome finishing makes it possible to put **it on the wall or headboard** –supplied with instructions. Assembled in France, the LED flexible reading lamp is the trendy accessory that will give a unique design to the room. Available in chrome or black.

PERFORMING

Equipped with a 1,6 W LED

This reading lamp is equipped with a **1,6W LED** diffusing 110 Lumens. The warm colour temperature of 3000 Kelvin is particularly adapted to reading as it does not dazzle the eyes and contributes to create a calm and relaxing atmosphere. The particularity of this product is that **the head needs to be turned to switch on the product**: an intuitive gesture and concept that ensures a long lifetime of this luminary.
